

## EXTEND OR ACTIVATE A SUBSCRIBER LISTING SUBSCRIPTION

This service is for individuals that have a *Subscriber Listing Subscription*. It allows a person to extend or activate their *Subscriber Listing Subscription*.

How does it work?

- First, press the *Buy Now* button for the term you would like.
- Next, fill in your name and member number (under the text field: *What is your name and member number*). This is VERY IMPORTANT to assure your payment goes to your subscription.
- Next, you'll receive a Welcome email confirming your payment and your new "active" date.
- If we have any questions, we'll send you an email.

If a person uses this service and doesn't have a *Subscriber Listing Subscription*, a payment will be converted as follows:

- \* 1 month button = 2 listings
- \* 3 month button = 2 month *Subscriber Listing Subscription*
- \* 6 month button = 3 month *Subscriber Listing Subscription*

\*We sincerely apologize for not being able to process any refunds. But, the manner in which payments are dispersed internally makes refunds impossible.
