RESUME SUBMITTAL INTO EMPLOYER DATABASE:

This service is a self-submittal of a person's application documents into a Database that is used by hiring employers. The database is TOTALLY private and confidential. Thus no one "sees" that you're looking for a job. Not a co-worker, not your employer, not a peer or not a stranger.

The database is totally secure. It is only distributed to *pre-screened* hiring employers. It's an inexpensive way to distribute your resume to prospective employers.

The database is not just for people looking for a GC Superintendent position. It's also a great tool for any desired position on the golf course maintenance staff.

All submittals are stored in the database for 1 year from the date of a submittal.
